Concentrated biotechnological odor-destroying cleaner

DESCRIPTION

Powerful biological deodorizing cleaner for sanitary installations and pipes, urinals, toilets, and dustbin rooms. PolBio Enzysan 2000 ensures the destruction of bad smells in three different ways: a smell neutralizer, a residual perfume and some additional beneficial fermenting agents which destroy the source of the smells.

USE

- Spraying in order to deodorize: twice a week, total spraying of the unit with urinals, bowls etc.
- Cleaning:
 - at start: daily application for one week
 - regular cleaning: two applications per week
- Use a microfiber cloth or a flatmop to clean areas which are difficult to reach with machines.

DOSAGE

- Automatic dosage: 0,8%

TECHNICAL CHARACTERISTICS

- Fragrance: peppermint
- Color: green
- Pure pH: 7,0 ± 0,5

Pollet does not advise using probiotic cleaners in certain limited hospital areas: high and very high-risk zones (zone 3 and 4).

STORAGE

Keep the product in its original closed packaging. Protect against freezing temperatures.

ECOLOGICAL INFORMATION

- Biodegradable product (CE 648/2004)
- Packaging 100% recyclable
- Ecologo certified
- Raw materials of renewable origin: 69%
