Cleanprotect

Protection of stainless steel and modern surfaces

- Protection and maintenance of metal surfaces, synthetic materials and treated wood
- Protects surfaces against fingerprints, water marks and other soiling
- Fragrance-free, non allergenic
- Under the Occupational Exposure Limit (OEL - EU, FR, BE)
- Without VOCs (Volatile Organic Compounds)

Product information:

Cleanprotect

Protection of stainless steel and modern surfaces

DESCRIPTION

Ready-to-use surface protector that deposits an invisible protective film, making daily cleaning easier. It helps reduce the adhesion of fingerprints, dirt and water deposits while enhancing the appearance of surfaces.

Suitable for the maintenance of stainless steel, metals, laminates, melamine surfaces, lacquered surfaces and treated wood (varnished, sealed or lacquered). Leaves a clean and uniform finish. Resistant to multiple washings. Product approved for food contact.

USE

- Degrease cold or tepid surface and eliminate all dirt.
- Spray the product on a clean, dry microfibre (1 spray per m²). Spread the product onto the surface.
- Make the surface shine with another clean microfibre.
- Do not apply on hot surfaces (barbecue, cooking plate,...).

DOSAGE

- Ready-to-use

TECHNICAL CHARACTERISTICS

- Color: yellow

STORAGE

Keep the product in its original closed packaging.

ECOLOGICAL INFORMATION

- Biodegradable product (CE 648/2004)
