- Designed for every kind of water hardness
- Suitable for any professional and semi-professional dishwasher
- Without coloring, fragrance-free
- Non allergenic
- Without VOCs (Volatile Organic Compounds)

Product information:

Washsolid

Chlorinated alkaline detergent powder

DESCRIPTION

Solid super-concentrated detergent for the automatic and industrial washing of crockery. Product combining great ease of use with perfect hygiene.

Top quality sequestering agents facilitate rinsing and prevent scaling. Suitable for every type of industrial dishwasher ("tunnel" and "hood").

Food contact approved.

USE

Sort the crockery and remove the scraps. Put the crockery into the machine. Washsolid is automatically dosed in the machine by the dosing system.

Replacing an empty cartridge: turn off the crockery dishwasher. Turn off the Pollet doser if necessary. Remove the empty cartridge from the dosing system. Introduce the new cartridge. Turn on the doser and the crockery dishwasher. Restart the Pollet doser pump if necessary.

DOSAGE

- 0,06% to 0,2% (0,6g/L to 2g/L), according to the hardness of the water.

TECHNICAL CHARACTERISTICS

- Color: white
- pH in solution of 10% > 13,5

STORAGE

Keep the product in its original closed packaging. Protect against freezing temperatures.

ECOLOGICAL INFORMATION

- Biodegradable product (CE 648/2004)
- Packaging 100% recyclable
