DEODORISING PROBIOTIC SCLEANER FOR WASTE CHUTES AND TECHNICAL INSTALLATIONS

DESCRIPTION

Biotechnological super-perfumed cleaner for waste areas, waste chutes, parking areas and other locations with odour problems.
A powerful cleaner, Activ'Odor eliminates unpleasant odours through 3 mechanisms: an odour neutraliser, a long-lasting fragrance and a combination of enzymes and beneficial bacteria that destroy the source of odours.

USAGE

- Spraying for deodorising: 2x/week, spray the entire area (urinals, toilets, etc.) using a sprayer
- Cleaning:
  - Initial phase: daily application for 1 week
  - Regular use: 2x/week
- Use microfiber cloths and flat mops for finishing
- Use with high-pressure equipment: apply product in low pressure (<10 bar). Rinse with high pressure

DOSAGE

- Dosing: 0.5% to 1%

TECHNICAL CHARACTERISTICS

- Scent: mint
- Colour: green
- pH (pure): 7.0 ± 0.5

STORAGE AND CONSERVATION

Keep product in its original closed packaging. Protect from frost.

ECOLOGICAL INFORMATION

- Biodegradable product (EC 648/2004)
- 100% recyclable packaging
- Renewable raw materials: 69%
