FORTECALC

POWERFUL CONCENTRATED DESCALER

sharing our passion

DESCRIPTION

Powerful descaler for the periodic cleaning and restoration of sanitary facilities. Suitable for the cleaning of taps, toilet bowls, heating elements, dishwashers, bain-maries and other hard surfaces heavily affected by limescale deposits. Can also be used on hard floors to remove cement residue. Avoid use on calcareous floors.

Orange scent. Product approved for food contact.

USAGE

Manual or machine cleaning.

- Prepare a solution at the required dilution according to the level of limescale deposits on the surfaces to be treated.
- Apply the solution to the surfaces to be descaled.
- Allow to act.
- Scrub the surfaces manually using a microfibre cloth or scrubbing brush, or mechanically using a single-disc machine or scrubber dryer.
- Remove the remaining solution and rinse with clean water.

Any application on floors must be followed by a neutralisation procedure:

- Neutralise with Delta at 10% or Industry at 5% for 5 minutes.

DOSAGE

- Daily cleaning: 0.4% to 1%
- Restoration and deep cleaning: 20% to neat

TECHNICAL CHARACTERISTICS

- Colour: pink
- Fragrance: orange
- pH (undiluted): < 1
- Never mix with other products (bleach, etc.).
- Do not use on marble, travertine or materials containing limestone.
- Do not use on aluminium.
- Safe for stainless steel surfaces when used as recommended.

STORAGE AND CONSERVATION

Store the product in its original sealed packaging. Do not allow to freeze.

ECOLOGICAL INFORMATION

- Biodegradable product (EC 648/2004)
- 100% recyclable packaging
